Unknown agenda

In July 2022, the Krapina-Zagorje County published a strategic document entitled *Programme for Climate Change Reduction and Adaptation in Krapina-Zagorje County*.

- describes the current situation,
- assesses risks and vulnerabilities,
- proposes adaptation measures to the impacts of climate change, as well as ways to increase the resilience of Krapina-Zagorje County across 10 different sectors

- *NOT MANY PEOPLE KNOW ABOUT THAT!*

Voices of the Young: What Do Kids Really Think?

PROTECT project

We hope it will bring specific problems and possible solutions to the attention of the public, following the principle:

„Think globally, act locally!”
